The art unit designated for this application has changed. Applicant(s) are hereby informed that future correspondence should be directed to Art Unit 1631.

**Restriction/Election Requirement**

Restriction to one of the following inventions is required under 35 U.S.C. § 121:

- I. Claims 1-8, drawn to methods of measuring a strength of co-occurrence data, classified in Class 702, subclass 19.
- II. Claims 9-15, drawn to methods of contextual querying of co-occurrence reflecting physico-chemical interactions, classified in Class 702, subclass 19.
- III. Claims 16-20, drawn to methods of query polling of co-occurrence data, classified in Class 702, subclass 19.
- IV. Claims 21-27, drawn to methods of creating automated biological inferences, classified in Class 702, subclass 19.

The inventions of Groups I-IV are independent and separate, each from the other because of the following reasons.

The methods of Groups I-IV as claimed are distinct both physically and functionally, require different process steps, and parameters, mathematical processes, and produce different results. Consequently, these inventions have acquired a separate status in the art as a separate subject for inventive effect and are usually published separately. The search for each of the above inventions is not co-extensive particularly with regard to the literature search. Thus, examination of the invention groups together would impose an undue search burden to the Office.

Because these inventions are independent/distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

Applicant is advised that the response to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR § 1.143).

Papers related to this application may be submitted to Technical Center 1600 by facsimile transmission. Papers should be faxed to Technical Center 1600 via the PTO Fax Center located in Crystal Mall 1. The faxing of such papers must conform with the notices published in the Official Gazette, 1096 OG 30 (November 15, 1988), 1156 OG 61 (November 16, 1993), and 1157 OG 94 (December 28, 1993)(See 37 CFR § 1.6(d)). The CM1 Fax Center number is either (703) 308-4242 or (703)305-3014.
